Profile Summary

Enthusiastic and detail-oriented Software Engineering student with strong skills in web development, specializing in creating functional, attractive, and user-friendly websites. Experienced in both front-end and back-end technologies, with a passion for delivering client-focused digital solutions. Seeking opportunities to apply technical expertise in real-world projects while continuously learning emerging technologies.

Technical Skills

- HTML5, CSS3, JavaScript (ES6+)
- Responsive Web Design (Bootstrap, TailwindCSS)
- Frontend Frameworks (React, Vue.js)
- Backend Development (Node.js, PHP, MySQL)
- WordPress Theme & Plugin Development
- Version Control (Git, GitHub)
- UI/UX Principles & Wireframing
- API Integration & RESTful Services

Education

Bachelor of Software Engineering (BSE) - COMSATS University, Abbottabad (Expected Graduation: 2027)
FSc Pre-Medical - Board of Intermediate and Secondary Education (Completed: 2023)

Work Experience

Freelance Web Developer (2024 - Present)
- Designed and developed custom websites for small businesses and personal brands.
- Integrated contact forms, booking systems, and payment gateways.
- Ensured mobile-friendly, SEO-optimized layouts for improved user experience.

Portfolio Website Development (2024)
- Created a personal portfolio website showcasing skills, services, and projects.
- Implemented dynamic sections for portfolio updates using modern web technologies.

Projects

E-commerce Website - Developed a fully functional online store with product search, cart, and checkout functionality.
AI Chatbot - Built an AI-powered chatbot for answering customer queries in real-time.
Sports Management System - Created a system for managing tournaments, scheduling matches, and tracking results.

Extra-Curricular Activities

- Member of University Web Development Club
- Participated in Hackathons and Coding Competitions
- Volunteered for Technical Workshops & Events
